¹ An "Eligible Educational Institution" is defined in Section 529 of the Internal Revenue Code and is generally a postsecondary educational, vocational or proprietary institution that is eligible to participate in the Department of Education's Title IV Financial Aid Programs. You should check with your school, if any, to determine whether or not it participates in these financial aid programs before permanently forfeiting all rights to use the funds in your Student Scholarship Account. Qualified Higher Education Expenses are tuition and fees; costs of books, supplies and equipment required for the enrollment or attendance, and certain amounts for room and board.
